
Overview

This standard covers the competences you need to manage munition clearance and search operations and programmes in accordance with approved procedures and practices.

You will be required to demonstrate that you can agree and develop communication arrangements and working practice if required, prioritizing, allocating and managing munition clearance resources to meet your objectives in accordance with approved procedures.

This activity is likely to be undertaken by someone whose work role involves Weapons, Ordnance, Munitions or Explosives work activities. This includes people working as munition clearance managers and munition clearance supervisors who are managing individual tasks rather than operations and programmes.

Performance criteria

- You must be able to:*
- P1 work safely at all times, complying with relevant health and safety, environmental and other regulations, legislation and guidelines
 - P2 establish accurately the role and likely nature of interest of the interested parties
 - P3 agree and develop communication arrangements and working practice if required in accordance with organizational procedures
 - P4 prioritize, allocate and manage munition clearance resources to meet your objectives in accordance with organizational procedures
 - P5 monitor the operation or programme effectively
 - P6 evaluate the implications of changes on your ability to deliver your objectives and adapt your plan to meet changing circumstances
 - P7 communicate progress and changes to the plan effectively to interested parties
 - P8 manage the sustainability of the operation or programme to meet your objectives within the agreed timescale

Knowledge and understanding

- You need to know and understand:*
- K1 the health, safety and environmental and other statutory legislation, regulations and safe working practices and procedures and their implications for your area of work
 - K2 the relevance of personal protective equipment (PPE)
 - K3 the actions to be taken in response to an unplanned event
 - K4 the possible contribution that interested parties could make and the different types of working relationship
 - K5 operational requirements and organizational procedures
 - K6 communication techniques
 - K7 your personal role and level of authority
 - K8 the requirements of the plan
 - K9 the importance of the sustainability of the operation or programme

Scope/range

Benign environments; hazardous environments

Interested parties who may further your objectives; parties who are unlikely to further your objectives; parties that are likely to prevent you from achieving your objectives

Meeting your objectives according to the plan; adapting the plan to meet changing circumstances

Resources: human; equipment; time
